

DRAFT
August 30, 2002
(Site Plan)

APPENDIX “E”

**CONSTRUCTION AGREEMENT
FOR EXPANSION FACILITIES AND
CONNECTION ASSETS SUPPLIED BY
DEVELOPER – RESIDENTIAL SITE PLAN**

BETWEEN

AND

NEWMARKET HYDRO LTD.

THIS AGREEMENT made the _____ day of _____, 2002.

BETWEEN:

NEWMARKET HYDRO LTD.

(Hereinafter referred to as the "Corporation")

OF THE FIRST PART

- and -

•

(Hereinafter called the "Developer")

OF THE SECOND PART

WHEREAS the Developer is the registered owner of the lands described in Schedule "A" attached to and forming part of this Agreement (the "Lands");

AND WHEREAS the Developer proposes to develop the Lands for the purpose of selling, conveying or leasing the Lands in accordance with a site plan (the "Site Plan") and a site plan agreement (the "Site Plan Agreement") with the Corporation of the Town of Newmarket and will require electrical distribution system facilities for the Lands;

AND WHEREAS a photographically reduced copy of such proposed Site Plan is attached as Schedule "B" hereto and forms part of this Agreement;

AND WHEREAS the Developer has agreed with the Corporation to comply with their requirements with respect to the provision of Expansion Facilities and Connection Assets for the Lands proposed to be developed and other matters as hereinafter set forth;

NOW THEREFORE THIS AGREEMENT WITNESSETH that the Parties hereto in consideration of other good and valuable consideration and the sum of ONE DOLLAR (\$1.00) of lawful money of Canada by each to the other paid (the receipt whereof is hereby by each acknowledged), covenant and agree each with the other as follows:

ARTICLE 1 - INTERPRETATION

1.01 Definitions

The following words and expressions wherever used in this Agreement shall have the meaning ascribed hereto:

- (a) “Agreement” means this agreement including all schedules and amendments hereto;
- (b) “Article”, “Section”, “Subsection”, “Paragraph” means the specified Article Section, Subsection or Paragraph in the Agreement;
- (c) “Composite Utility Plan” means the plan attached hereto as Schedule “D” which identifies the location of utility services including, but not limited to, telecommunications, cable T.V., natural gas and municipal services;
- (d) “Developer” means “•”;
- (e) “Developer’s Services” means the services and installations required to be installed or constructed by the Developer pursuant to the Site Plan Agreement;
- (f) “Expansion Facilities” means the electrical distribution system services and facilities required to be installed or constructed as more particularly described in Schedule “C” hereto;
- (g) “Connection Assets” means that portion of the electrical distribution system used to connect a customer or streetlight to the distribution system required to be installed or constructed as more particularly described in schedule “C” hereto;
- (h) “Lot Development Plan” means the plan described in Article 5.01 and attached hereto as Schedule “G”;
- (i) “Site Plan” means the most recent version of the Site Plan or the final approved Site Plan attached hereto as Schedule “B”;

ARTICLE 2 - DEVELOPER’S SERVICES, EXPANSION FACILITIES AND CONNECTION ASSETS

2.01 Construction of Developer’s Services, Expansion Facilities and Connection Assets

The Developer shall install or construct the Developer’s Services, or cause the same to be installed or constructed, in accordance with the Site Plan Agreement with the Town of

Newmarket and the Expansion Facilities and Connection Assets in accordance with this Agreement. The Developer agrees to commence construction of the Developer's Services and Expansion Facilities on or before • and to complete them on or before •.

ARTICLE 3 - EXPANSION FACILITIES AND CONNECTION ASSETS

3.01 Preliminary Plan

Appended hereto as Schedule "C" are the preliminary planning, design, engineering and electrical specifications prepared by the Corporation for the work required to provide Expansion Facilities to the Lands. These specifications have been made in accordance with the Corporation's standards for design, material and construction.

3.02 Economic Evaluation

(1) Set out in Schedule "C" is the estimate of the costs of the Expansion Facilities including those costs attributable to engineering design, materials, labour, equipment and administrative activities and the Corporation's economic evaluation with respect to the Expansion Facilities. The Developer acknowledges that the economic evaluation indicates that there will be a shortfall between the present value of the projected capital costs and ongoing maintenance costs for the Expansion Facilities and the present value of the projected revenue derived from the Expansion Facilities, which shortfall shall require a capital contribution from the Developer.

(2) The economic evaluation which the Corporation shall perform under Article 3.02(1) of this Agreement shall identify the capital costs to be assumed by the Corporation in regard to the construction of the Expansion Facilities. The Corporation shall compensate the Developer for its share on a lot-by-lot basis at a rate of \$• per lot as set out in Schedule "C" when the service for a lot is connected. Compensation will be paid monthly by the Corporation to the Developer following the date service is first connected to a lot on the Site Plan. The compensation payable by the Corporation will be for those lots connected up to the end of the five (5) year connection horizon provided in the economic evaluation. The Developer will not receive compensation for lots connected after the five (5) year connection horizon.

(3) The Corporation may, in its absolute discretion, adjust the per lot compensation payable to the Developer under Article 3.02(2) if the lots are not connected for service at the rate predicted by the Developer or if there is a material change in the Site Plan.

3.03 Construction of Expansion Facilities and Connection Assets

(1) The Developer has elected to obtain alternative bids for the construction and installation of the Expansion Facilities and Connection Assets from contractors prequalified by the Corporation. A list of prequalified contractors is available from the Corporation.

(2) The Developer shall be required to select, hire and pay the contractor's cost for the work eligible for the alternative bid and shall assume full responsibility for the construction of the Expansion Facilities and Connection Assets. All Expansion Facilities and Connection Assets shall be constructed and installed in accordance with the Corporation's planning, engineering and design specifications. The Developer shall be responsible for administering the contract including the acquisition of all required permissions, permits and easements.

(3) The Developer shall be responsible for ensuring that all aspects of the construction of the Expansion Facilities and Connection Assets are conducted in a good and workmanlike manner and shall comply with all applicable requirements of the Corporation and the requirements of any municipal, provincial or federal authority. The Developer shall ensure that the Expansion Facilities, Connection Assets and other services are installed in accordance with the Composite Utility Plan.

(4) All materials, construction methods, equipment, location of cables and transformers constituting the Expansion Facilities and Connection Assets must be approved by the Corporation. All such materials, equipment, transformers, meters, poles and items of a similar nature contemplated by this Agreement shall become the property of the Corporation at the time that electricity is supplied to the system by the Corporation. The street light poles and luminaires shall become the property of the Town of Newmarket at the time they are energized.

(5) The Developer shall not commence installation of the Expansion Facilities and Connection Assets until the Corporation has provided written authorization to commence. Such authorization shall not be given until,

- (a) the Developer has delivered all financial securities to the Corporation;
- (b) the Corporation has approved the electrical drawings pertaining to the Expansion Facilities and Connection Assets;
- (c) the Composite Utility Plan drawings have been approved by the Corporation, the Town of Newmarket and any utilities which will be providing services to the Lands; and
- (d) the natural gas distribution system has been installed.

(6) The Developer shall be responsible for ensuring that its selected contractor complies with all health and safety regulations.

(7) The Developer acknowledges that work done by its contractor in the installation of Expansion Facilities and Connection Assets shall not involve work on existing circuits. All associated work required on existing circuits not included in the estimated costs will be completed by the Corporation and the Corporation shall be entitled to be reimbursed on a fee-for-service basis as provided in Schedule "E".

(8) The Corporation reserves the right to inspect, test and approve all aspects of the Expansion Facilities and Connection Assets constructed by the contractor as part of a system commissioning activity, prior to connecting the Expansion Facilities and Connection Assets to the existing distribution system and shall be entitled to be reimbursed on a fee-for-service basis.

(9) The Corporation shall be entitled to be reimbursed by the Developer for its costs for additional design, engineering and installation of Expansion Facilities and Connection Assets that are incurred as a result of, but not limited to, any change in grades, electrical service locations, property or street markers, driveways, curb cuts and walkways subsequent to the initial staking and installation of the Expansion Facilities and Connection Assets. The Corporation shall also be entitled to be reimbursed for the costs of inspection, testing and approval of the additional works undertaken.

(10) The Developer shall:

- (a) Deliver the Corporation's easements under Article 7 of this Agreement with final grading within plus or minus six inches as indicated by the markers of the necessary survey prepared by the Developer to the specifications of the Town of Newmarket Engineering Department. All fill required to obtain the final grade levels shall be compacted to the satisfaction of the Corporation;
- (b) Provide and maintain access from the street to such easements for the Corporation's vehicles and equipment during the installation of the Expansion Facilities and Connection Assets where in the opinion of the Corporation it is feasible and desirable to facilitate the installation of an underground distribution system on such easement by the use of said vehicles and equipment on the easement;
- (c) Provide and maintain for the Corporation the finished grade or elevation markings for the lots or blocks on the Site Plan;
- (d) Provide for the Corporation survey markers defining the boundaries and numbers of the lots or blocks on the Site Plan;

- (e) Provide all curbs prior to the construction of the distribution system;
- (f) Rough grade all roads and boulevards prior to the start of the construction of the Expansion Facilities and Connection Assets where in the opinion of the Corporation such is required;
- (g) Provide and maintain for the Corporation the finished grade or elevation markings for the said roads and boulevards where in the opinion of the Corporation such is required;
- (h) Obtain all work permits that may be required for the performance of the work;
- (i) Provide all trenching, ducting and protective sand and backfill to the Corporation's specifications from the service entrance to any building or dwelling to the point of the Corporation's right-of-way or easement;
- (j) Be responsible for all repairs made to transformers, cables and primary cables, meters and associated distribution equipment until two years after acceptance by the Corporation of the Expansion Facilities and Connection Assets.

3.04 Letter of Credit

(1) The Developer shall deliver to the Corporation an unconditional irrevocable letter of credit, substantially in the form attached hereto as Schedule "F", in the amount of \$• upon execution of this Agreement in order to secure the performance of the Developer's obligations hereunder. The amount secured under the letter of credit represents the capital contribution which the Developer is required to make toward the cost of the Expansion Facilities under Article 3.02(1).

(2) The Corporation may draw funds under the letter of credit at any time, in its absolute discretion, to cover all costs incurred by it in order to complete any or all of the Developer's obligations hereunder.

(3) Upon commissioning of the Expansion Facilities and upon payment by the Developer of all fees associated with the installation, inspection, testing and commissioning of work done by the Corporation, the Corporation may, in its absolute discretion, reduce the letter of credit to •% of the financial guarantee secured hereunder. The remaining letter of credit will be held for a two (2) year period to cover any defects arising from the work done by the Developer and its contractor. During this time, any remedial work to be performed by the Corporation as a result of poor installation, to rectify deficiencies or otherwise meet the Corporation's standards, will be performed at the Developer's cost.

(4) Prior to reducing the letter of credit as described in Article 3.04(4), the Developer shall provide the Corporation with the following:

- (a) A completion certificate from the Developer's Contractor verifying the satisfactory completion of the Expansion Facilities, the satisfactory correction of all deficiencies identified in the Corporation's deficiency reports, and the total amount of the actual costs incurred.
- (b) A statutory declaration of the Developer stating that all contractors, subcontractors and suppliers of materials associated with the construction of the Expansion Facilities have been fully paid and satisfied and that there is no liability owing to anyone under any circumstances relating to the Expansion Facilities. The Developer shall also state in the statutory declaration that no one is entitled to claim a lien under the *Construction Lien Act* against the Lands or any part thereof.
- (c) A statutory declaration of the Developer stating that nothing is owing by the Developer or claimed against it for unemployment insurance deductions, income tax deductions or by way of contribution or assessment under the *Workplace Safety and Insurance Act*.

ARTICLE 4 - DEFAULT

4.01 Default

If the Developer fails:

- (a) to commence or complete the installation or construction of any of the Developer's Services within the times specified in Article 2.01;
- (b) to commence or complete the installation or construction of any of the Expansion Facilities within the times specified in Article 2.01; or
- (c) to install or construct the Expansion Facilities and Connection Assets in accordance with the contract documents as approved by the Corporation; or
- (d) after commencing the installation or construction of any Expansion Facilities, Developer's Services, or Connection Assets, to proceed expeditiously with the installation or construction of the same, or
- (e) to obtain all necessary permits, approvals and agreements with the Corporation of the Town of Newmarket; or

- (f) to maintain in good standing the Site Plan Agreement; or
- (g) to comply with its obligations under this Agreement,

and any such default continues for ten (10) days after notice thereof from the Corporation has been sent by registered letter addressed to the Developer as provided in Article 12, then the Corporation, in addition to any other remedy the Corporation may have, may take such steps as it deems necessary to remedy the said default. In addition, where in the opinion of the Corporation, it is necessary or advisable to construct or install or complete the whole or any part of any of the Expansion Facilities or Connection Assets, such service or services may be installed, constructed or completed in whole or in part by the Corporation and the cost of remedying any default or of constructing, installing or completing the whole or any part of any of the other services, together with an administration fee of fifteen (15%) per cent of the cost shall be paid by the Developer to the Corporation. The Corporation may draw upon the letter of credit to recover these costs.

ARTICLE 5 - PLANS

5.01 Lot Development Plans

(1) The Developer will submit to the Corporation a Lot Development Plan, prepared and certified by a member in good standing of the Professional Engineers of Ontario or by an Ontario Land Surveyor, for each lot and block within the Site Plan. The Lot Development Plan shall be submitted prior to the Corporation providing an estimated cost for Expansion Facilities. The Lot Development Plan shall be in an electronic format as an AutoCAD – “.dwg” file. Each such development plan shall show details of the proposed lot elevations and grades, drainage and storm water management components. Such development plan shall also show details of the location of all water mains, sanitary and storm sewer systems, all existing and proposed easements, all proposed buildings and structures, site services, driveways, lot and block numbers, municipal addresses, street names, existing and proposed trees and any other significant site features. Each Lot Development Plan shall be approved by the qualified professional consultant who prepared and certified the grading plan.

(2) Following the approval of the Site Plan, the Developer shall file with the Corporation, an electronic copy, as an AutoCAD – “.dwg” file, of the Site Plan and as built lot servicing plans.

(3) Following the completion of the construction of all buildings and structures, site services, driveways and any other significant site features and completion of the fine grading, seeding or sodding, the Developer may be requested in writing to file with the Corporation a certificate signed by the Developer’s Consulting Engineer certifying that the lot has been developed in accordance with the Lot Development Plan and Composite Utility Plan.

(4) The Developer agrees that it will require the purchaser of any lot or block within the Site Plan, as a condition of purchase and sale, to fulfil the requirements of Article 5.01.

ARTICLE 6 - REPAIR DAMAGE TO EXPANSION FACILITIES AND CONNECTION ASSETS

6.01 Damage to Services Prior to Energization

Prior to energization of the Expansion Facilities and Connection Assets, the Developer shall repair, at its expense, in a good and workmanlike manner, to the satisfaction of the Corporation and within such time as the Corporation may prescribe, any damage to any of the Expansion Facilities, Connection Assets, or other electrical distribution system facilities, or any other works required to be provided by the terms of this Agreement, or any other municipal or utility service resulting from the installation or construction of any Expansion Facilities or Connection Assets to the Lands or from the construction of any building or structure on the Lands or from the performance of any other works on the Lands, or from the performance of any works within the public highways abutting thereto.

6.02 Damage to Services After Energization

If the damage described in Article 6.01 occurs subsequent to the energization of the Expansion Facilities or Connection Assets, Article 6.01 shall apply except that the Corporation shall undertake such repairs at the Developer's expense.

ARTICLE 7 - CONVEYANCES

7.01 Conveyances-Easements

(1) At the time of approval of the Site Plan the Developer shall provide the Corporation with such registered easements as it may require for the Expansion Facilities and Connection Assets.

The rights and easements granted above shall be for nominal consideration (i.e. \$1.00), in a form satisfactory to the Corporation and title to land over which the rights and easements are granted shall be good and free from liens and encumbrance and, if required by the Corporation, the consent of the Committee of Adjustment to such rights and easements shall be obtained by the Developer. The Developer agrees to obtain postponements or discharges of any prior mortgage or mortgages on the easement given to the Corporation.

(2) The Developer agrees that forthwith after registration of any grant of rights and easements, it shall provide to the Corporation a Certificate of Opinion of Title of the Lands in respect of which such transfer and rights and easements are granted, in a form satisfactory to the

Corporation, such Certificate of Opinion to be given by a solicitor authorized to practise law in the Province of Ontario.

(3) The Developer agrees to provide the Corporation within two (2) months of the approval of the Site Plan with an electronic copy of the reference or survey plans designating the Lands in respect of which such transfers and grants of rights and easements are given to the Corporation.

(4) The lands to be transferred and the lands over which rights and easements are to be given shall, on the approval of the Site Plan, be in a clean and tidy condition, graded as required and, if necessary, stabilized against erosion in accordance with the requirements of the Corporation. After such lands or such rights and easements are so transferred, the Developer shall not use or permit the use of such lands for the storing of topsoil or any excavated material or equipment except with the written consent of the Corporation. In the event of default, the Corporation, after giving the Developer such notice as the Corporation considers reasonable in the circumstances, may remove such soil, material or equipment and the cost thereof shall be paid by the Developer to the Corporation.

(5) The Developer warrants, and agrees to indemnify and save harmless, the Corporation, that within any lands transferred by the Developer pursuant to this Agreement, including any lands over which any easement is granted, there is no substance or material that is prohibited, controlled or regulated by any governmental authority whether federal, provincial, municipal or local including, without limitation, pollutants, contaminants, dangerous goods or substances, toxic or hazardous substance or materials, wastes including without limitation, solid non-hazardous waste, PCBs, asbestos, petroleum, its derivatives, by products or other hydro carbons, all as defined in or pursuant to any laws, regulations, by-laws, guidelines, policies, approvals, certificates of approval, permits or orders rendered by any governmental authority.

ARTICLE 8 - INTEREST

8.01 Payments – Interest

(1) Where by this Agreement any cost, fee, or amount is payable by the Developer to the Corporation, such cost, fee, or amount shall be paid at the time or times stated, or if a time is not stated, it shall be paid within thirty days of the mailing of a statement by prepaid first class mail addressed to the Developer as provided in this Agreement. If any such cost, fee, or amount is not paid within the time provided by this Agreement, interest shall be payable at the rate of eighteen (18%) per cent per annum from the due date or the date of mailing, as the case may be, until payment. The Corporation may draw on any letter of credit provided by the Developer for the faithful performance of its obligations and any amount paid on such draw shall be applied in payment of the cost, fee, or amount owing and any interest in respect thereto.

(2) If any cost, fee, or amount is at any time unpaid, and the Corporation does not draw upon the letter of credit, or any draw made is insufficient to pay the cost, fee, or amount owing, or the balance thereof together with interest which may be payable, it may be recovered as a debt in an action in any court of competent jurisdiction together with all costs incurred therewith.

ARTICLE 9 - STREET LIGHTING

9.01 Street Lighting

The Developer shall design, supply and install the street lighting within the Site Plan. The Developer agrees to co-ordinate the construction of the street lighting with the construction of the Expansion Facilities and Connection Assets in order that both are done in the most cost effective and efficient manner.

ARTICLE 10 - INDEMNIFICATION AND INSURANCE

10.01 Indemnification

The Developer shall indemnify and save harmless the Corporation, its employees, agents, and contractors, from all actions, causes of action, suits, claims, costs or demands whatsoever that may arise directly or indirectly as a result of the Corporation entering into this Agreement or from any act or omission by the Developer, its employees, agents, or contractors in the performance of any matter or thing under this Agreement.

10.02 Insurance

The Developer shall file with the Corporation a certificate of insurance evidencing the issuance to the Developer of a comprehensive policy of public liability and property damage insurance providing for coverage limits in respect of any one accident of at least \$5,000,000.00 exclusive of interest and costs for this purpose. Such policy shall name the Corporation as an additional insured thereunder, be in a form and content satisfactory to the Corporation and be kept in good standing until all of the Expansion Facilities and Connection Assets are commissioned. The issuance of such a policy of insurance shall not be construed as relieving the Developer from responsibility from other or larger claims, if any, for which the Developer may be held responsible.

ARTICLE 11 - REGULATORY COMPLIANCE

11.01 Regulatory Compliance

The Corporation and the Developer acknowledge that the Corporation is a distributor within the meaning of Section 2(1) of the *Electricity Act*, S.O. 1998, c.15, Schedule "A", (the "Act") and is therefore subject to the applicable provisions contained in the Act including the regulatory authority of the Ontario Energy Board ("O.E.B.") pursuant to the provisions of the *Ontario Energy Board Act*, 1998, S.O. 1998, c.15, Schedule B. It is agreed by the parties that any charges made to the Developer by the Corporation in accordance with this Agreement are subject to the applicable provisions of the Act and to any requirements lawfully imposed by the O.E.B., including, but not limited to, any applicable Distribution System Code lawfully approved by the O.E.B. and imposed as a condition of the Corporation's Electricity Distribution Licence (the "Regulations"). If, in accordance with the Regulations, it is determined that any charge made pursuant to the terms of this Agreement should have been for a different dollar amount than was actually charged (the "Permitted Lawful Charge"), all necessary adjustments shall be made forthwith to reflect the Permitted Lawful Charge. The adjustment amount, without interest, shall be paid to the party entitled, within thirty (30) days of final determination of the Permitted Lawful Charge.

ARTICLE 12 - FORCE MAJEURE

12.01 Force Majeure

Notwithstanding anything in this Agreement to the contrary, if the Corporation or the Developer is bona fide delayed in or prevented from performing any obligation arising under this Agreement by reason of strikes or other labour disturbances, civil disturbance, restrictive government laws, regulations or directives, acts of public enemy, war, riots, sabotage, crime, lightning, earthquake, fire, hurricane, tornado, flood, explosion, or other act of God, then the party delayed shall and is entitled, without being in breach of this Agreement, to carry out such obligation within the appropriate time period after the cessation of such cause.

ARTICLE 13 - NOTIFICATION

13.01 Notices

If any notice is required to be given to the Developer by the Corporation, or to the Corporation by the Developer with respect to any matter relating to this Agreement, such notice, if sent by prepaid registered mail or delivered, it shall be addressed or delivered to the addressee below or may be faxed to:

Newmarket Hydro Ltd.
590 Steven Court
Newmarket, Ontario
L3Y 6Z2

Attention: •

Telephone No. (905) 895-2309

Fax No.: (905) 895-8931

and

• (Developer)

Attention: •

Telephone No. (905) •

Fax No.: (905) •

and any such notice mailed, delivered or faxed as provided above shall be deemed good and sufficient notice under the terms of this Agreement.

ARTICLE 14 - DELEGATION OF RESPONSIBILITIES

14.01 Delegation of Responsibilities

Where in this Agreement provision is made for anything to be done by the Corporation, it may also be done with or by a person or persons or corporation designated by the Corporation.

ARTICLE 15 - ASSIGNMENT OF OBLIGATIONS

15.01 Assignment of Obligations

No right or obligation under this Agreement shall be assigned by the Developer in whole or in part without the written consent of the Corporation, but such consent shall not be unreasonably withheld.

ARTICLE 16 - ARBITRATION

16.01 Arbitration

If the parties are unable to resolve any controversy, question, claim or other dispute arising out of or relating to this Agreement, the matter shall be conclusively settled in accordance with the dispute resolution procedure documented in the Corporation's Conditions of Service.

ARTICLE 17 - PLANS AND SCHEDULES

17.01 Plans and Schedules

The parties agree that the plans and schedules attached hereto and marked as Schedules "A" to "H" form part of this Agreement.

The parties further agree that in the event any part or parts of the plans or schedules are illegible or conflict with the plan (the "original plan") from which it was made, the original plan shall prevail.

ARTICLE 18 - SEVERABILITY

18.01 Severability

If any provision of this Agreement or the application thereof to any circumstances shall be held to be invalid, illegal or unenforceable, then such invalidity, illegality or unenforceability shall attach only to such provision and shall not affect any or all other provisions of the Agreement. The remaining provisions of this Agreement or the application thereof to other circumstances shall not be affected thereby and shall be valid and enforceable to the fullest extent permitted by law.

ARTICLE 19 - REGISTRATION

19.01 Registration of an Agreement

This Agreement may be registered against the Lands described in Schedule "A" attached to and forming part of this Agreement.

ARTICLE 20 - SUCCESSOR OBLIGATIONS

20.01 Successor Obligations

The Developer agrees that the Corporation may enforce the provisions of this Agreement against the Developer and, subject to the Land Titles Act, against any and all subsequent owners or permitted assigns. The Developer shall deliver to the Corporation an acknowledgement by a purchaser of all or any portion of the Lands that the purchaser has received actual notice of this Agreement and agrees to be bound by all of the terms and conditions hereof, failing which, any such transfer or conveyance shall be void.

ARTICLE 21 - TIME IS OF THE ESSENCE

21.01 Time is of the Essence

Time shall be of the essence in this Agreement.

ARTICLE 22 - TERMINATION

22.01 Termination of Agreement and Obligations

This Agreement and the respective obligations of the Developer and the Corporation shall terminate in the event that the Site Plan is not registered within • months of the date of this Agreement.

ARTICLE 23 - HEADINGS

23.01 Headings

The headings to the sections of this Agreement are for convenience only and are not to be considered a part of this Agreement and do not in any way limit or amplify the terms and conditions of this Agreement.

ARTICLE 24 - ESTOPPEL

24.01 Estoppel

No party to this Agreement shall call into question, directly or indirectly, in any proceedings whatsoever, in law or in equity, or before any administrative tribunal, the right of the Corporation to enter into this Agreement or to enforce each and every covenant and condition

contained herein and this Agreement may be pleaded as an estoppel against any other party in such proceedings.

ARTICLE 25 - ENTIRETY

25.01 Entirety

This Agreement and all attached schedules constitute the entire agreement between the parties to this Agreement pertaining to the subject matter hereof and supersede all prior and contemporaneous agreements, understandings, negotiations and discussions, whether oral or written, of the parties and there are no warranties, representations or other agreements between the parties in connection with the subject matter of this Agreement save and except as specifically set forth herein.

IT IS DECLARED AND AGREED that this Agreement and the covenants, provisos, conditions and schedules herein contained shall enure to the benefit of and be binding upon the respective successors or assigns of each of the Parties hereto.

Letter of Credit

[Name and Address of Issuing Bank]

APPLICANT: **[Name of Developer]**

BENEFICIARY: Newmarket Hydro Ltd.

We hereby authorize you to draw on the [ISSUING BANK] for the account of **[Name of Developer]**, up to an aggregate amount of Cdn. \$● available on demand as follows:

Pursuant to the request of our Customer, **[Name of Developer]**, we [NAME AND ADDRESS OF THE ISSUING BANK], hereby establish and give to you an irrevocable Letter of Credit in your favour in the total amount of Cdn. \$● which may be drawn on by you at any time and from time to time upon written demand for payment made upon us by you, which demand we shall honour without enquiring whether you have a right as between yourself and our said Customer to make such demand and without recognizing any claim of our said Customer.

Provided, however, that you are to deliver to [NAME AND ADDRESS OF THE ISSUING BANK] at such time as written demand for payment is made upon us, a certificate signed by you agreeing and/or confirming that monies drawn pursuant to this letter of credit will be retained and used by you to meet our Customer’s obligations incurred or to be incurred in connection with an Agreement dated ●, between **[Name of Developer]** and Newmarket Hydro Ltd. (the “Agreement”).

The amount of this letter of credit shall be reduced from time to time as advised by notice in writing given to us from time to time by you.

This letter of credit will expire at our counters on ●, subject to the following condition. It is a condition of this Letter of Credit that it shall be deemed to be automatically extended without amendment for one year from the present or any future expiry date thereof unless at least thirty (30) days prior to such expiry date, we notify you in writing by registered mail that we elect not to consider this Letter of Credit to be renewable for an additional period. Upon receipt by you of such notice, you may draw the full amount secured under this Letter of Credit by means of your demand accompanied by your written certificate confirming that the amount drawn will be retained and used by you to meet obligations incurred or to be incurred in connection with the Agreement.

Partial drawings are permitted.

We hereby agree that drawings under this Letter of Credit will be duly honoured upon presentation, and shall state that they are drawn under [NAME AND ADDRESS OF THE ISSUING BANK] Letter of Credit No. • and dated •.
